

Infosys

Iron Legacy

Sustainable Productivity

A Giant Built on Trust

- Pioneer of India's global IT rise
- Long associated with:
 - Ethical leadership
 - Strong governance
 - Stable careers & long-term growth
- A brand people respected, not just worked for

The Sustainability Storm

- High dependence on skilled human capital
- Burnout and attrition risks
- Unsustainable productivity expectations

"There is a saying in China, 9, 9, 6. You know what it means? 9 am to 9 pm, 6 days a week. And that is 72 hours a week."

*-Narayana Murthy
Infosys founder*

Infosys Mails Joining Dates to April 2022 Freshers After 2 Yrs

...waiting onboarding get emails confirming Oct 7 joining date

"We remain vigilant... if Infosys fails to honor this commitment and breaches the joining date, we will not hesitate to organize a protest right in front of the Infosys office," Saluja added.

Since April 2022, around 2,000 engineering graduates of that year's batch were delayed onboarding after receiving offer letters from Infosys to join for system engineers (SE) and digital SE roles at ₹3.2-3.7 lakh annual packages.

In June this year, the Pune-based union had filed a complaint with the Labour and Employment Ministry against Infosys over the de-

MASS LAYOFF

Infosys Mass Terminations: Nearly 700 freshers laid off at Mysuru campus

The union has expressed concerns over the abrupt terminations and their impact on affected employees

What's At Stake

Talent erosion

Employer brand
weakening

Delivery
instability

Long-term
competitiveness
risk

Strategic North Star

Core Belief:

Sustainable human capital drives enduring performance.

**Productivity
measured by
outcomes**

**Growth aligned
with workforce
well-being**

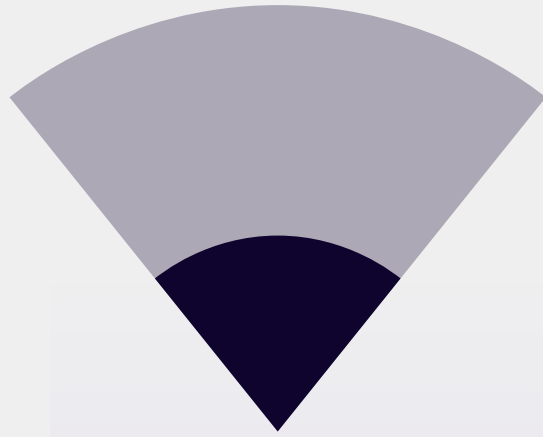

Core Strategy

Sustainable Knowledge Work Framework

- Outcome-based performance metrics
- Workforce sustainability indicators
- Leadership accountability
- ESG-aligned governance systems

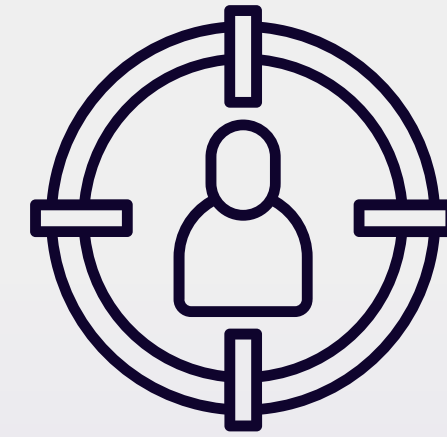

Roadmap Overview

PHASE 1: STABILISE
(0–2 YEARS)

PHASE 2: SCALE
(3–5 YEARS)

PHASE 3: LEAD
(6–10 YEARS)

Stabilise

**Workload and
burnout audits**

**Outcome-based
delivery KPIs**

**Sustainable
Delivery Index
for managers**

**Leadership
communication
reset**

Phase 2

Sustainable Productivity

Scale

Organisation-wide
rollout of
sustainable
productivity model

Workforce
analytics and
forecasting

ESG-linked
leadership
incentives

Sustainability-
integrated
client delivery
standards

Phase 3

Sustainable Productivity

Lead

Industry
benchmarks for
sustainable
knowledge work

Global employer-
of-choice
positioning

ESG-driven
innovation
leadership

Business & ESG Impact

Business Impact

- Improved retention
- Stable delivery quality
- Long-term cost efficiency

ESG Impact

- Strong Social pillar performance
- Governance credibility
- Long-term organisational resilience

Risks & Mitigation

Short-term productivity concerns →
phased implementation

Cultural resistance → leadership KPIs

Measurement complexity → data-driven
governance

Thank You

for your time
and attention !

Infosys builds enduring performance by investing in people, not pressure.
